## Welcome to the new Osoyoos.

**Experience "Canada's Warmest Welcome"!**

Osoyoos has held a special place in the hearts of travellers to the Okanagan Valley for generations. It conjures up memories of summer camping trips with the family to a quaint lakeside destination. Returning today, you will find Osoyoos has evolved into a premier four-season tourist destination that attracts a sophisticated tourist and investor. The region is in the process of evolving from a quaint, summer holiday spot to a place that is still as friendly as ever, but now has an air of sophistication, intrigue and a multi-faceted offering of experiences that are second to none.

### We are hot.

Osoyoos shines in the summer. Whether it's the early morning dew on the orchards or the sun setting over the rolling sagebrush-covered hills, an Osoyoos summer offers visitors a one-of-a-kind experience. With so much to do, it's no wonder that visitors return year after year. Just a sampling of Osoyoos summer activities includes swimming in Canada's warmest lake, golfing on one of the award-winning local courses, biking along orchard- and vineyard-lined trails, horseback riding in the desert, witnessing Aboriginal cultural activities, foraging for orchard fruit, touring a winery, hiking, canoeing or kayaking on the lake, parasailing high above, and playing volleyball on the beach.

### We are cold – not!

Experience a different kind of winter – a winter where the snow barely dusts our valley and golf is almost a year-round pastime. Picture a place where you can ski through deep-powder snow on one of the South Okanagan's highest peaks in the morning, and sip local wine beside the pool in the afternoon. From ice-wine, skis and snowball fights, to indigenous spa treatments, gourmet meals and cultural tours ... it's all here, in this magical place within Canada's only desert.

**Experience the new Osoyoos & help us share our stories about this inspiring locale.**

Canada's warmest welcome
